Bill Number	Position	Category	Summary
HB1003	Monitor	Appropriations	Provides budget for the North Dakota Attorney General's office. It includes funding for various programs and initiatives such as human trafficking victim grants, forensic nurse examiner programs, cyber crime resources, and a statewide litigation funding pool. It also creates a new cyber crime investigative resource specifically targeting a city in northeastern North Dakota with at least 50,000 residents, allocates funds for one-time purchases like laboratory equipment and undercover vehicles, and provides exemptions for certain unexpended appropriations to continue into the next biennium. Additionally, the bill prohibits district court judges from waiving fees for the twenty-four seven sobriety program.
HB1004	Monitor	Appropriations	Provides the budget for the ND State Auditor's office. Includes provision moving small government review employees to be funded through the general fund so small cities no longer need to be charged for the reviews.
HB1006	Monitor	Appropriations	Provides the budget for the North Dakota State Tax Commissioner's office.
HB1015	Monitor	Appropriations	Provides the budget for the ND Office of Management and Budget (OMB). It includes significant funding for various state projects and initiatives, including a $300 million state hospital project ($200 million and $100 million line of credit).
HB1020	Support	Appropriations	Provides the budget for the ND Department of Water Resources department, appropriating approx- imately $769 million for various water-related projects and infrastructure, including funding for flood control, water supply, and storm water.
SB2012	Support	Appropriations	Provides the budget for the ND Department of Transportation, and includes changes to the prairie dog funding, highway tax distribution fund, and the flexible transportation fund.
SB2014	Support	Appropriations	Provides the budget for the industrial commission. Included $10 million for homelessness grants and $46 million in grants for the housing incentive fund that was inadvertently removed through veto. Solutions currently being explored to restore the funding.
SB2018	Support	Appropriations	Provides budget for the department of commerce. It includes grant funding for law enforcement for autonomous technology grants and base enhancement grants.
HB1468	Monitor	Behavioral Health	Provides a $16 million appropriation for a behavioral health facility grant to increase the number of be- havioral health beds in the west central human service center region.

Bill Number	Position	Category	Summary
HB1192	Monitor	Charitable Gaming	Increases the maximum prize limits for public-spirited organizations conducting charitable gaming activities under a local permit or a restricted event permit. For the primary prize the limit increases from $8,000 to $15,000 and the total annual prize limit increases from $40,000 to $50,000.
HB1253	Monitor	Charitable Gaming	Adds authority for the North Dakota Attorney General's office to impose a fine against the owner of an authorized charitable gaming site.
HB1615	Neutral	Charitable Gaming	Specifies that a city or county governing body can only deny an application for a charitable gaming site authorization, other than for cause, in accordance with a written policy or ordinance adopted after the opportunity for public comment.
SB2205	Monitor	Charitable Gaming	Provides for $75,000 from the charitable gaming operating fund to be transferred to the gambling disorder prevention and treatment fund.
SB2288	Monitor	Charitable Gaming	Allows veterans organizations to use up to 20% of their net proceeds from charitable gaming per quarter to cover the costs of food and beverages, including alcoholic drinks, for operating their club.
SB2334	Monitor	Charitable Gaming	Provides that brewer taproom liquor license holders are alcoholic beverage establishments for the pur- pose of issuing charitable gaming site authorizations. Provides for an optional legislative management study regarding the ownership of alcoholic beverage establishments by licensed charitable gaming organizations.
SB2154	Monitor	Economic Developm	Adds explicitly the term tourism to the definition of primary sector business.
HB1138	Monitor	Elections	Updates bonding election provisions to match other municipal election laws.
HB1158	Monitor	Elections	Provides petition filed with the secretary of state to initiate or refer a measure is an exempt record until sufficiency of the petition has been determined or 35 days have passed.
HB1165	Oppose	Elections	Updates election laws, including defining complete residential address, prohibiting use of a private entity to administer an election, eliminating ability for city to have voter registration, and requiring that absentee ballots must be received by the election official by the polls close on election day.

Bill Number	Position	Category	Summary
HB1204	Monitor	Elections	Provides that it is a class A misdemeanor to knowingly or recklessly publish untrue, deceptive, or misleading statements about candidates, ballot measures, or other electoral issues across a wide range of media platforms, including traditional channels like radio, television, and newspapers, as well as emerging communication methods such as text messages, social media, websites, and electronic transmissions.
HB1297	Oppose	Elections	Prohibits approval voting and ranked-choice voting in North Dakota elections, including in home rule cities.
HB1307	Oppose	Elections	Provides that a home rule county or city cannot supersede state law relating to election laws and that any ordinances pertaining to elections that conflict with state law are void. It also allows home rule cities to set the signature threshold for nominating petitions for candidates to get on the ballot and allows park districts to adopt the same signature threshold.
HB1469	Monitor	Elections	Adds requirement that while holding elected office, individuals must file a statement of interest with the filing officer by January 31st of each year.
HB1482	Oppose	Elections	Requires that when issuing bonds requiring an election, that counties, cities, school districts, and park districts hold the election on primary or general election dates.
SB2175	Monitor	Elections	Provides clarification for procedures on statewide elections post election audits.
SB2230	Monitor	Elections	Requires the ND Secretary of State to create and distribute objective and factual educational materials for each statewide constitutional measure.
SB2269	Support	Elections	Modifies the recall petition and election process for city, park district and school board members. The initiative petition signature threshold increases from 25% to 35%. For entities with population over 250, petitions must have 15 sponsors. Also provides that a recall election does not need to occur if no other candidate files a nominating petition to run for election.
HB1026	Monitor	Finance	Transfers the administration of the state bonding fund from the ND Insurance Department to the ND Office of Management and Budget.

Bill Number	Position	Category	Summary
HB1027	Monitor	Finance	Transfers the administration of the state fire and tornado fund from the ND Insurance Department to the ND Office of Management and Budget. Adds a provision that a political subdivision shall reimburse a self-insurance pool for attorneys fees and costs if a court determines by clear and convincing evidence that the political subdivision took intentional action in violation of state law.
HB1065	Monitor	Finance	Changes how county and township infrastructure funds are allocated among townships, moving from an equal distribution to a proportional allocation based on the number of township road miles in each township.
HB1106	Support	Finance	Provides a $2 million appropriation to the ND Department of Transportation for grants to nonfixed route public transportation providers.
HB1142	Monitor	Finance	Increases the liability limits for both political subdivisions and the state from $375,000 to $468,750 per person, and from $1 million to $1,875,000 for claims arising from a single occurrence through June 30, 2026. After that date, the limits will change to $500,000 per person and $2 million for a single occurrence.
HB1149*	Monitor	Finance	Amends the unclaimed property act, including specifically including virtual currency and excess proceeds from vehicle and property sales under the act.
HB1198	Support	Finance	Allows park districts to participate in cooperative purchasing contracts.
HB1235	Support	Finance	Amends North Dakota's agriculture infrastructure grant program by providing the grants will be specifically limited to counties, townships, or cities with populations of 1,500 residents or less.
HB1278	Monitor	Finance	Creates the cash management board for managing moneys in the state treasury.
HB1279	Monitor	Finance	Provides for percentage reductions for coal conversation facility tax.
HB1281	Monitor	Finance	Adds fire departments to entities eligible to apply to the tax commissioner for refunds on fuel taxes paid for motor vehicle, special, and aviation fuels used by the fire department.
HB1332	Monitor	Finance	Directs the agricultural diversification and development committee to deveop a value-added agriculture processing facility incentive program and to provide grants.

Bill Number	Position	Category	Summary
HB1401	Support	Finance	Allows a city to enact an ordinance allowing for the sale of real estate, including the ability to enter an exclusive listing agreement with a real estate broker. The opportunity to submit proposals to be the real estate broker must be advertised on the city's website for at list 14 days and a list of factors must used to evaulate any proposals.
HB1524	Support	Finance	Allows the department of commerce to award grants to regional planning councils to support local and regional implementation of state-authorized programs.
HB1554*	Monitor	Finance	Adds a representative from the department of water resources as an ex officio member of the North Dakota outdoor heritage advisory board and provides that the board cannot forward recommendations to the industrial commission unless an application receives a favorable recommendation at a meeting where a quorum of the board is present.
SB2074	Support	Finance	Eliminates the municipal infrastructure fund reporting requirements for cities with a population under 1,000.
SB2084	Support	Finance	Sets the lodging reimbursement rate to the GSA rate and changes the mileage reimbursement rate to the GSA rate.
SB2114	Monitor	Finance	Updates the fees for use of the state radio system to be based on a percentage of actual cost, instead of a set fee.
SB2228	Support	Finance	Provides a $1,000,000 appropriation to the North Dakota Department of Commerce for a rural grocery store sustainability grant program.
SB2251	Monitor	Finance	Modifies several provisions related to state audits including reducing the retention percentage that must be withheld by a political subdivision paying an outside auditor for political subdivision audit payments from 20% to 5%.
SB2254	Support	Finance	Provides a $2 million one-time appropriation to offer grants to fixed route city transportation providers for paratransit services. It also provides for a mandatory legislative management study the funding needs of fixed route city transportation networks.
SB2323	Support	Finance	Creates the hub city debt relief funding pool from gross producton tax to help repay debt incurred between July 1, 2012, and December 31, 2025, related to oil and gas development impacts in hub cities.
SB2332	Support	Finance	Provides optional legislative management study on potential grant funding for emergency services and public safety.

Bill Number	Position	Category	Summary
SB2390	Support	Finance	Creates the rural catalyst committee and grant program to support economic development and quality of life improvements in rural areas of the state. The committee received a $2.5 million appropriation for the biennium for grants.
SB2397	Monitor	Finance	Creates a gross production tax incentive for new oil and gas wells that utilize innovative drilling or completion techniques to develop reserves that would otherwise remain underdeveloped.
SB2090	Monitor	Fire	Updates provisions related to the state fire marshal.
SB2135	Monitor	Fire	Raises the amount the insurance commissioner can transfer to the firefighters death benefit fund from $50,000 to $125,000 per biennium, and increases the death benefit payment from $10,000 to $25,000 that will be paid to a deceased firefighter's survivor when the fire chief or their designee confirms a line-of-duty death.
SB2340	Monitor	Fire	Provides for a mandatory legislative management study of fire service needs in North Dakota.
HB1371	Monitor	Human Resources	Provides option for legislative management to conduct study regarding health insurance benefits for retired peace officers.
HB1454	Oppose	Human Resources	Provides that the state or a political subdivision cannot require an individual to take a vaccine unless there is a procedure for opting out for health, religious, or philosophical reasons.
HB1580	Monitor	Human Resources	Provides for an optional legislative management study of the state employee compensation system.
SB2198*	Monitor	Human Resources	Eliminates the requirement that an individual be employed by the state or a political subdivision for 90 days prior to being eligible for 20 days of paid military leave.
HB1537*	Support	Infrastructure	Provides that a service agreement (typically a water service agreement) executed prior to January 1, 2025, can only be invalidated by the state upon thirty day notice. It further provides that the bill does not impact litigation commenced prior to January 1, 2025.
HB1032	Support	Municipal Court	Provides rewrite of chapter 40-18 related to municipal courts and municipal judges and includes provisions that municipal courts will be courts of record as of July 1, 2026.
HB1166	Monitor	Municipal Court	Requires a court to close a court record after 61 days if the court enters an order of non-conviction on or after August 1, 2025. Also, creates petition process for a defendant to apply to have a court record closed if an order of non-conviction was entered before August 1, 2025.

Bill Number	Position	Category	Summary
HB1263	Monitor	Municipal Court	Provides right to appeal court decision denying sealing of criminal records and shortens the timeline for the ability to reapply for sealing from three years to one year.
HB1313	Monitor	Municipal Court	Adds a no contact order prohibiting contact with a victim of the offense as a sentencing alternative.
HB1364	Monitor	Municipal Court	Requires the court to issue an order to remove the DUI conviction and any related suspension from the defendant's driving record after completing a specialty court docket program unless doing so would violate federal regulations .
SB2057	Monitor	Municipal Court	This bill increases various civil court-related fees across multiple sections of North Dakota law.
SB 2167	Monitor	Municipal Court	Requires an individual convicted of a misdemeanor or felony to pay for reimbursement of any digital forensic examination performed on any personal electronic device, up to $100. The proceeds of the fee need to be placed in the internet crimes investigation fund.
SB2226	Monitor	Municipal Court	Creates the presumption of indigence if an inidivual is incarcerated at an initial appearance in district court.
SB2257	Support	Municipal Court	Provides that violation of city ordinance for theft counts as a prerequisite for enhancing subsequent theft offenses under state law.
HB1112	Monitor	NDPERS	Adds state firefighters to the NDPERS Public Safety Retirement Program.
HB1113	Monitor	NDPERS	Provides for how administrative expenses will be paid in the NDPERS defined compensation system.
HB1146	Monitor	NDPERS	Makes several modifications to the NDPERS defined contribution plan, including allowing political subdivisions that are not currently participating in the NDPERS defined contribution system to join the retirement plan.
HB1234	Support	NDPERS	Provides for a $25 million transfer to the NDPERS defined benefit retirement main plan for the purpose of reducing the unfunded liability.
HB1274	Monitor	NDPERS	Adds state correctional officers to the NDPERS Public Safety defined benefit retirement plan.
HB1419	Monitor	NDPERS	Adds correctional officers that are in training, dispatchers, and emergency medical services personnel to be eligible to participate in the NDPERS public safety defined benefit plan.
HB1602	Support	NDPERS	Provides that a political subdivision is not required to participate in the NDPERS defined contribution system even if the political subdivision previous partcipated in the NDPERS defined benefit system and that the NDPERS cannot charge the political subdivision of fee for exiting the plan.

Bill Number	Position	Category	Summary
SB2121	Monitor	NDPERS	Provides several technical amendments related to administering the public employees retirement system.
SB2227*	Monitor	NDPERS	Provides that a retired employee who returns to the same employer cannot participate in the NDPERS plan but can maintain retired status if he or she is appointed by an elected state official to an unclassified state position.
HB1374	Monitor	Open Meetings/Oper	Provides for open records exemption for township supervisors performing duties like staff while examining township roads.
HB1415	Monitor	Open Meetings/Oper	Provides open records exemption for department of corrections and rehabilitation work schedules.
HB1499	Monitor	Open Meetings/Oper	Adds justice of the United States, federal judge and magistrate judge to the list of individuals whose telephone number and home address are confidential under open records law.
SB2083	Monitor	Open Meetings/Oper	Provides that sensitive images are exempt records under open records law. A sensitive image is defined as an image depicting an exposed intimate part, gruesome injury, deceased individual, or a minor.
SB2180	Neutral	Open Meetings/Oper	Establishes a new requirement for cities, counties, townships, school districts, park districts, and water resource districts, to include a public comment opportunity during their regular meetings. It requires that individuals providing comment submit their name and address in writing, with the address being an exempt record under open records law. It also requires the developing a policy for public comment at regular meetings.
SB2259	Monitor	Open Meetings/Oper	Eliminates requirement that county, city, townships and schools provide blanks and records to contuct business with the office.
HB1031	Monitor	Other	Provides technical corrections and updates definitions for children, coal, compound interest, corporate surety, decree, good faith, paper, population, qualified elector, several, third persons, value, verdict, and verified.
HB1153	Monitor	Other	Amends definition of "excavation" in the one-call excavation notice system to provide more clarity and specificity about what types of ground-disturbing activities are covered.
HB1162	Monitor	Other	Adds another member to the Lake Agassiz water authority's board of directors from a city with populations over 40,000 located east of state highway 1 and south of state highway 200.

Bill Number	Position	Category	Summary
HB1203	Monitor	Other	Modifies the definitions and regulations surrounding medical marijuana to allow for a cannabinoid edible product that are soft or hard lozenges in a geometric square shape. They are limited to including a maximum of five milligrams per serving and fifty milligrams per package. It mandates edible products be packaged in child-resistant and non-transparent packaging. It also prohibits marketing the product to minors.
HB1205	Monitor	Other	Creates regulations allowing for abandoned infants to be left in "newborn safety devices."
HB1209	Monitor	Other	Requires the ND Department of Emergency Services to conduct a comprehensive foreign adversary threat assessment and produce a detailed report.
HB1219	Monitor	Other	Changes the law related to the cemetary perpetual care fund, reducing the minimum percentage of gross selling price that must be set aside from 20% to 10% for various burial spaces and structures.
HB1303	Oppose	Other	Prohibits the state or a political subdivision from having a sanctuary policy, relating to illegal immigration. Also creates enforcement mechanism through a complaint and review process administered by the attorney general.
HB1375	Monitor	Other	Creates an infraction for an individual suspected of being a minor in a liquor establishment and refusing provide identification. Requires an individual alleging a retailer liquor license holder has violated liquor laws to file an affidavit explaining the violation within 14 days.
HB1442	Monitor	Other	Establishes a legislative task force on government efficiency.
HB1447	Monitor	Other	Establishes regulations for virtual-currency kiosks.
HB1466	Monitor	Other	Changes definitions for domestic and manufacturing distilleries and allows for those distilleries to have a satellite location.

Bill Number	Position	Category	Summary
HB1487	Monitor	Other	This bill authorizes the ND Department of Transportation to transfer approximately 1.25 acres of land in Ward County to the Office of Management and Budget (OMB), and provides OMB with the ability to borrow up to $5.6 million through a line of credit from the Bank of North Dakota during the 2025-2027 biennium. The borrowed funds are specifically for constructing a facility in Minot that will be leased to other state agencies, with the interest rate not exceeding the prevailing rate charged to North Dakota governmental entities. If the line of credit is accessed, OMB must request a deficiency appropriation from the 70th legislative assembly to repay the borrowed funds. The bill exempts this appropriation from standard budget continuity rules, allowing the funds to be carried over into the 2027-2029 biennium. The bill also declares itself an emergency measure, which typically means it would go into effect immediately upon becoming law, and includes provisions certifying its passage by the North Dakota House of Representatives and Senate with substantial majority votes.
HCR3003	Monitor	Other	Provides for putting a question on the ballot to amend the constitution to provide that constitutional amendments must be approved by 60% of the voters.
HCR3006	Monitor	Other	Creates a resolution to urge the US Post Office to improve mail service.
SB2044	Monitor	Other	Allows an individual aggrevied by a water course determination by a state agency or a political subdivision to file an appeal with the department of water resources.
SB2069	Monitor	Other	Provides that a state agency can request that the North Dakota newspaper association immediately publish a public notice on its website and that notice is legal notification if a newspaper fails to publish the legal notice. Further provides that publication on the newspaper association's website or on the government unit's website counts as legal publication if the newspaper fails to public the notice.
SB2233	Monitor	Other	Provides that a claim for a serious injury against the state or a state employee must be brought within one year after the injury is discovered.
SB2308	Monitor	Other	Provides for consolidation of statewide boards and creates a taskforce to review the boards, including a representative designated by the NDLC.

Bill Number	Position	Category	Summary
SB2324	Support	Other	Allows county and city governing bodies to directly amend their home rule charters through a resolution when a portion of the charter is preempted, superseded, or invalidated by a legislative act or court order. The resolution must reference the legal authority supporting the amendment and must be published in the official newspaper or on the official website within 30 days of adoption. Any amendments adding new powers not originally included in the home rule charter must still be amended through a public vote.
SB2379	Neutral	Other	Requires providing written notice through certified mail to the owner in the tax records of property where a public entity plans to do survey during an eminent domain proceeding.
SCR4007	Monitor	Other	Provides for placing a question on the 2026 primary election ballot amending the constitution to provide that any constitutional amendments can only contain one subject.
SCR4008	Monitor	Other	Provides for placing a question on the 2026 general election ballot to amend the constitution to provide that under term limits an individual cannot complete more than four complete four-year terms as a member of the legislative assembly.
HB1025	Monitor	Planning and Zoning	Provides for a mandatory comprehensive legislative management study on advanced nuclear energy
HB1258	Oppose	Planning and Zoning	Creates process for the public service commission (PSC) to enforce road use agreements with political subdivisions for electric energy conversion facilities. Also provides a notice process for the PSC to gather zoning requirements from cities, counties and townships related to electric transmission facilities and for superceding the zoning requirements if the zoning requirements are not timely filed.
HB1440	Monitor	Planning and Zoning	Modifies regulations for cigar lounges by adding the ability to sell pipe tobacco and creating a new certification process with the tax commissioner.
HB1444	Monitor	Planning and Zoning	Allows the county to designate a township road a being part of the county system after a public meeting to receive input.
HB1500	Oppose	Planning and Zoning	Preempts city, county, and township ordinances with regard to rebuilding and repairing non-conforming residential structures in a residential zoning district.
HB1579	Monitor	Planning and Zoning	Provides for a mandatory study of the impact of large energy consumers, including data centers, on the electrical grid of the state, regulatory structure, and economic development.

Bill Number	Position	Category	Summary
SB2027	Monitor	Planning and Zoning	Provides for flood plain management being provided by the county, unless a city or county enacts a flood plain ordinance. It further requires all flood plain management ordinances be filed with the department of water resources upon adoption and by March 31st of each year a city and township must certify that they are undertaking flood plain management.
SB2174	Monitor	Planning and Zoning	Amends regulations related to county and township zoning of animal feeding operations, specifically allowing and restricting setbacks based on an odor footprint tool developed by the ag commissioner.
SB2329	Monitor	Planning and Zoning	Allows process for county or township to dissolve streets and alleys in a dissolved city.
SB2356	Monitor	Planning and Zoning	Provides that a conveyance document with a metes and bounds description that contains the correct attribution for creation of the legal description cannot be rejected because it is for an irregular tract that is not platted.
SB2385	Monitor	Planning and Zoning	Creates new regulations for mobile home parks. It establishes a process for appointing a receiver to manage a mobile home park when its license is revoked due to serious health or safety violations, allowing the state's health department to step in and operate the park until conditions are corrected. It amends existing licensing requirements for mobile home parks, including mandating that new owners obtain a license within 30 days of purchase and providing more detailed application requirements, including evidence of compliance with local zoning regulations. Also provides tenant protections, such as requiring park owners to provide written notice of rule changes, limiting rent increases, capping late fees, and mandating that owners provide tenants with contact information and lease details. Creates a new legal defense for tenants facing eviction, allowing them to challenge eviction proceedings if the park owner has violated specific regulations. Provides mechanisms for civil penalties against park owners who fail to comply with the new regulations, including potential license suspension and fines up to $10,000.
SB2398	Neutral	Planning and Zoning	Provides for the ND Agriculture Commissioner creating one or more military compatibility committees to advise local governments on military-compatibility practices and to uniform processes for political subdivisions to coordinate with zoning and land use on projects that might impact military readiness.

Bill Number	Position	Category	Summary
HB1369	Monitor	Procurement	Provides for the school funding formula and increases the threshold from $200,000 to $250,000 for contruction of a public improvement bidding, engineer/architect plans, and bonding requirements.
SB2045	Monitor	Procurement	Eliminates a reference in public bidding law to a federal public law related to water supply funds that has become obsolete.
HB1176*	Support	Property Tax	Creates a new legacy earnings fund that will distribute eight percent of the legacy fund's five-year average balance every two years, with the first allocation prioritizing debt service payments and then directing funds to highways and property tax relief. Establishes a primary residence credit of up to $1,600 for homeowners. Creates property tax levy limitation that restricts political subdivision taxing districts to increasing their property tax levies by no more than three percent annually, with provisions allowing for extra funds for new value and growth added to the taxing district and for voter approval to exceed this limit. It also establishes a legislative committee to study property tax reform and relief during the 2025-2026 interim.
SB2039	Oppose	Property Tax	Provides that structures used by a farmer to store harvested crops on lands planned and assessed as agricultural prior to March 30, 1981 are exempt from property tax.
SB2201*	Monitor	Property Tax	Updates the primary residence tax credit to allow primary residences held in a trust to be eligible for the credit.
SB2367	Monitor	Property Tax	Reorders the factors assessors must consider when determining an agricultural parcel's value, now prioritizing the actual use of the property (cropland or noncropland) as the first consideration. It also provides a new procedure where property owners can request an assessment adjustment by filing a signed application with the assessor and requirest he county director of tax equalization to develop modifiers in conjunction with the county's governing body and submit it to the state supervisor of assessments for approval.
HB1194	Monitor	Public Safety	Requires an on duty law enforcement officer to report to the states attorney when probable cause exists that an individual vexatiously provided false reports to a law enforcement officer or security official.
HB1197	Monitor	Public Safety	Provides for Legislative Management to conduct a comprehensive study of jails and regional correction centers.
HB1311	Monitor	Public Safety	Provides for an optional legislative management study focusing on volunteer emergency responder recruitment and retention challenges.

Bill Number	Position	Category	Summary
HB1336	Monitor	Public Safety	Provides for the court issuing no contact orders in cases involving crime of violence, a threat of violence, talking, harrassment, or a sex offense, and defines how the no contact order is treated related to a victim's petition or when the sentence involves deferred imposition.
HB1418	Monitor	Public Safety	Allows law enforcement to arrest an individual without a warrant for making a false report to a 911 emergency line, public safety answering point or an emergency responder communication system.
HB1429	Monitor	Public Safety	Adds provisisions to the harrassment and stalking laws related to robots.
HB1535	Monitor	Public Safety	Amends the alert notice system by introducing a new "feather alert notice" specifically designed to help locate missing indigenous individuals who are believed to be at imminent risk of serious bodily injury or death.
HB1549	Monitor	Public Safety	Provides for a correctional facility grant committee and requires the department of corrections and rehabilitation coordinate to get offenders photo idenification and medicaid upon release. Also creates a housing task force for probationers and parolees and provides for an optional legislative management study of collecting criminal justic data. It also provides for an optional legislative management study of expanding access to criminal record sealing.
HB1588	Monitor	Public Safety	Increases the blade length included in the definition of dangerous weapon from five to six inches for bladed weapons. Adds governor and retired state or federal judge to the list of individuals exempted from the prohibitions of carrying a dangerous weapon if they maintain the same level of proficiency as law enforcement. Changes the penalty for violating the prohibitions on carrying dangerous weapons from an infraction to a non-criminal $100 fine. Increases the maximum fee for certified firearms testing from $50 to $100. Allows an individual to have their concealed firearms license in digital form and provides that someone only needs to reveal to law enforcement that they are carrying a firearm if asked.

Bill Number	Position	Category	Summary
HB1613	Neutral	Public Safety	Adds regulations for law enforcement use or robots to chapter that already existed for regulation of drones. Provides that law enforcement can arm robots with lethal and non-lethal weapons but lethal weapons can only be used to neutralize an inanimate object or when use of lethal force by an officer would otherwise be justified and only if the robot is not acting automously. The law enforcement agency must also have a policy on robot use of force that identifies the individuals who have authority to authorize the use of force.
SB2037	Monitor	Public Safety	Provides new provisions for juvenile court petitions, fitness to proceed in juvenile court, and potential collateral consequences for juvenile offenders.
SB2098	Monitor	Public Safety	Provides amendments to procedure and eligibility for missing persons to receive a silver alert notice.
SB2200	Monitor	Public Safety	Provides a $500,000 appropriation to fund the 988 crisis hotline program.
SB2277	Monitor	Public Safety	Creates the fallen peace officers memorial highway.
SB2294	Monitor	Public Safety	Provides updates to the medical marijuana program requirements, including providing that a qualifying patient or registered designated caregiver cannot possess more than 500 milligrams of a cannabinoid edible product.
SB2387	Monitor	Public Safety	Establishes rights for sexual violence survivors.
HB1139	Monitor	Tax (Other Than Prop	Creates a sales tax exemption for fire departments in North Dakota when they purchase goods and services related to providing fire protection services.
HB1483	Monitor	Tax (Other Than Prop	Increases the number of barrels eligible for a reduced tax rate from 75,000 to 300,000 barrels for new wells drilled outside the Bakken and Three Forks formations for the oil extraction tax reduction, and extends the oil extraction tax reduction period from 18 to 36 months after well completion. Also provides for an optional legislative management study to examine the oil extraction tax exemption for stripper wells.
SB2177	Monitor	Tax (Other Than Prop	Creates an animal agriculture infrastructure fund, allowing counties to receive up to $500,000 annually from sales tax collections specifically for infrastructure projects related to animal agriculture facilities.
SB2369	Monitor	Tax (Other Than Prop	Clarifies sales tax exemptions for educational, reigious or charitable events when fair market rent for the facility has not been paid.

Bill Number	Position	Category	Summary
HB1118	Monitor	Traffic	Provides that a vehicle can be operated with a valid temporary registration permit for up to 75 days and that the permit must be displayed on the rear window, the rearmost driver's side window, or in the location of the rear license plate. Also changes to penalty from a class C felony to a class A misdemeanor for altering or forving a registration card or temporary registration permit.
HB1137	Monitor	Traffic	Allows mobility-impaired parking permits to be placed on the dashboard of a vehicle.
HB1206	Monitor	Traffic	Creates mandatory sentences for committing a driving under the influence offense with a minor in the vehicle.
HB1229	Support	Traffic	Creates a traffic offense for the owner of a motor vehicle when their vehicle is involved in a fleeing incident.
HB1241	Monitor	Traffic	Allows a class B emergency vehicle to display a flashing blue light when stopped on a highway and allows a vehicle owned by a funeral home to display a flashing purple light when leading a funeral procession.
HB1294	Monitor	Traffic	Increases the traffic fine for overtaking and passing a schoolbus to $250.
HB1298	Support	Traffic	Provides that the speed limit on the interstate will be 80 mph, increases the fines for speeding violations, eliminates the ability for cities to double the fines for speeding and requires the highway patrol, inconjunction with local law enforcement, study the traffic fee schedule and traffic points and present a report to legislative management.
HB1316	Monitor	Traffic	Adds a $100 fee to the fee specified for moving violations when the violation is committeed by a driver with a temporary restricted driver's license and provides for revoking a temporary restrict license if the individual committs three moving violations.
HB1340	Monitor	Traffic	Amends motor vehicle window tint law by changing the permitted light transmittance requirements for vehicle windows from at least 50% of light to pass through to 35% for side and rear windows.
HB1346	Monitor	Traffic	Allows a county to adopt an ordinance regulating off-highway vehicle use in the county.
HB1422	Monitor	Traffic	Creates traffic offense of operating a vehicle without being licensed and allows a court to grant a motion to amend a charge of driving under suspension to operating a vehicle without being licensed.

Bill Number	Position	Category	Summary
HB1503	Monitor	Traffic	Provides that a conviction of driving under the influence involving vehicular injury causing substantial bodily or serious bodily injury is increased from a class C to a class B felony and the minimum imprisonment is increased from one year to one year to one year and one day.
HB1522	Monitor	Traffic	Allows cities to allow golf carts on city streets through an ordinance except at night.
SB2132	Monitor	Traffic	Increases the fine for a careless driving offense to $100. It also makes careless driving an infraction when it inflicts injury on a first responder acting in an official capacity, operator of an authorized vehicle or an individual help another individual on the side of the road or causes damage in excess of $4,000 to an authorized emergency vehicle.
SB2183	Monitor	Traffic	Increases the minimum fine for speeding in a construction zone from $80 to $150 when construction workers are present.
SB2253	Monitor	Traffic	Allows a city or county to adopt an ordinance prohibiting compression brakes in a designated zone, to post notice of the prohibition in the designated zone, and provides that violating the ordinance is $50.
SB2371	Monitor	Traffic	Provides that a driver may exit a rotary traffic island (round about) without first signalling their intention to exit the traffic island.
HB1577*	Support	Water	Establishes a wastewater infrastructure grant program administered by the department of enviromental quality to provide grants to political subdivisions that lost funding federal funding for wastewater projects. Requires legislative management to study the feasibility of establishing a permanent wastewater project fund.
SB2110	Support	Water	Updates the regulations for certification of water distribution and waste water operators. It includes the ability for the department of enviromental quality to use a third-party testing service.
SB2141	Monitor	Water	Allows a water permit holder to modify the purpose of a conditional or perfected water permit without losing its original priority date, provided the change is approved by the department of water resources, providing the new use is considered use or if the change is for livestock use or fish, wildlife, and recreation purposes for a reservoir that does not involve withdrawing water.
SB2210	Monitor	Water	Provides for mandatory legislative managment study regarding water management strategies based on watershed boundaries instead of traditional political subdivision boundaries.

Bill Number	Position	Category	Summary
SB2267	Monitor	Water	Provides that the department of enviromental quality has exclusive authority to adopt and enforce regulations related to onsite wastewater treatment systems. Further states that public health units retain the authority to permit and inspect onsite wastewater systems in accordance with the rules established by the department of enviromental quality and they will complete their inspection within one day of receiving the request for inspection. It also allows for joint powers agreements between public health units, cities and counties to complete the inspections.
SB2276	Monitor	Water	Provides regulation for water resource districts building and assessing projects in more than one county.
HB1193	Monitor	Workforce	Provides a $3.5 million appropriation for a peace officer and correctional officer appreciation grant program. The funding will be distributed proportionally to city and county law enforcement agencies based on their number of licensed peace and correctional officers, with at least $750,000 specifically reserved for agencies employing ten or fewer law enforcement personnel. The grants can be used for two primary purposes: providing retention bonuses to current law enforcement and correctional officers, and paying tuition and fees for law enforcement trainees. s not expected to be a recurring annual expense.
SB2211	Support	Workforce	Updates the rural attorney recruitment program to specifically allow for the retention of attorneys in the program. It also changes the eligible requirements to allow for any county to be eligible if the count has five or fewer licensed attorneys residing in the county.
